Charles,

I just wish to point out that the letter you submitted below electronically references both a letter from UEC and a map.

Also, the attached pdf maps below include only one of the two maps submitted informally earlier. In your email below the second pdf describes the lateral boundaries using the state plane coordinate system. That's OK. The second pdf map is very similar but does not describe the boundaries as did the earlier informal submittal. The earlier informally submitted map included GPS coordinates, degrees, minutes, seconds to describe the lateral boundaries. If it is not too late, can we get you to include that map as well in the formal hardcopy amendment request? Thanks

Charles,

Attached are the: 1) Letter to EPA, 2) associated map, and 3) associated plat. I've given the hard copy to Noemi to send via certified mail today. Please let me know any further actions or assistance you may need. Thanks,

Lorrie
